

CONTRACT EMPLOYMENT OPPORTUNITY

The Resort Village of Kannata Valley requires the services of a ‘**CONTRACTOR**’ to provide the following services:

VEGETATION MAINTENANCE

The Contractor will be required to provide all manpower, equipment and associated equipment consumables (gas, blades, etc) to provide vegetation maintenance (grass and weed control) services on a regular basis or when requested to do so by the municipality. The objective is to keep the vegetation (grass and weeds) somewhere between 2” and 4” tall.

The candidate will be expected to provide:

1. grass cutting equipment such as a riding mower for large straight accessible areas
2. gas engine powered lawn mower for the area where a riding mower is not practical
3. a gas-driven weed whip for areas around signposts etc.

The municipal property where vegetation maintenance is required:

1. Road allowance along the entire length of Lakeshore Drive
2. Municipal Reserves (MR1, 2, 3, 4, 5, & 6)
3. West ditch of Hwy 322.1 from Lakeshore Drive to approximately 20 feet to the north of the municipal sign structure.
4. An area around the booster station
5. An area immediately around the shelter over the well
6. An area around the Village Office/Water Treatment Plant
